

SAN DIEGO ARCHITECTURAL FOUNDATION

BOOMTOWN

ARCHITECTURE WORKSHOP

San Diego Architectural Foundation's BUILT ENVIRONMENT EDUCATION PROGRAM

This is your invitation to join architects and urban planners to a hands-on workshop where you learn about the built environment and get to create your own cities out of small "found objects" and stray items. You will make buildings out of recycled trash, and then organize your models into your own City of the Future.

Grades 10, 11, 12 | April 15-16 10-4pm <https://sdaf.wildapricot.org/event-5178356>

**SPACE IS LIMITED TO FIRST 20 STUDENTS PER WEEKEND*

ARTS Campus
